2020 *virtual* seminar

# CVS HEALTHHUBS

THE FUTURE OF COMMUNITY HEALTH CARE

# THE CONCEPT

# THE REALITY

# ENHANCED SERVICES

## Care Concierge

### Ongoing care:

- Diabetes and other conditions
- Preventative care and wellness
- Dietician services
- Health insurance navigation

### Everyday care

- 12+ immunizations
- Sleep assessments
- Primary acute care
- School and sports physicals

# FOCUSED ON HEALTH

## ACTIONABLE INFORMATION

Touchscreens throughout the store provide information on health topics such as:

- Nutrition
- Sleep Health
- Exercise
- And more

You can read the information and have it texted or emailed to you for use later.

## HEALTHFUL DISPLAYS

The store is designed to highlight the health items. Displays with vitamins, nutritional supplements, weight management tools, and other healthy items have featured lighting and placement in the store.

Other sections like groceries, beauty items, and stationery are still there but have been scaled back.

# DURABLE MEDICAL EQUIPMENT

# MUCH MORE

- Nutritional Counseling
- Health/Wellness Classes
- Group Fitness Classes
- Medication Disposal
- Hearing Services

*Services will vary by location*

# RIGHT AROUND THE CORNER

- More than 300 HealthHUB locations are open now.
- Visit [www.cvs.com/HealthHUB](https://www.cvs.com/HealthHUB) to find the location nearest to you
